On Wednesday, March 24, Morrill post, G. A. R., celebrated its twenty-fifth anniversary at its hall. Dinner was served by the corps ladies to the post, corps and families, and invited guests, making the total in all nearly one hundred. After dinner came the roll-call of the post. Fourteen members were present to answer to their names, four of these being the only charter members now living. Each year the ranks are growing thinner. In January last the silent messenger death entered their ranks and one more soldier, Nathaniel Wilson, crossed over the silent river to answer the last roll-call. As one at our gathering so appropriately remarked, "How important we give all honor and cheers for the living and tears for the dead." Music, experience, stories, etc., from the soldiers and remarks from the guests, both interesting and amusing, soon brought to the close one more pleasant home reunion of Morrill post and Woman's Relief corps.

BIG DAM BLOWN UP.

Structure of Louisiana Rice Growers and Costing \$100,000, Was Dynamited.

Lake Charles, La., April 3.—News of the dynamiting and complete destruction of the Mermontan dam at Grand Cheniere, 40 miles south of here, has reached Lake Charles.

The dam was built as a coast of nearly \$100,000 by the rice growers of southwest Louisiana. This is the third time a dam there has been dynamited.

For many years a bitter controversy has gone on between the rice growers and cattle raisers of Cameron parish. The former claimed it was essential to keep salt water from the gulf out of the Mermontan river, while the latter declared much of their stock was drowned by the overflow this season.

The situation was brought to the attention of the war department last fall, but the department decided to take no action.

Notice.

Having sold my livery business, all persons owing me are hereby notified that all bills must be paid on or before April 10, 1909. After that date the bills will be put into the hands of a collector.
